

Beginning July 1, 2013, there is a two year suspension on feature film as an eligible production type for the Film and Digital Media Production Tax Credit:

*“For the state fiscal years ending June 30, 2014, and June 30, 2015, “qualified production” shall not include a motion picture, and no tax credit voucher for a motion picture may be issued during said years, except for the state fiscal year ending June 30, 2015, “qualified production” shall include a motion picture for which twenty-five per cent or more of the principal photography shooting days are in this state at a facility that receives not less than twenty-five million dollars in private investment and opens for business on or after July 1, 2013, and a tax credit voucher may be issued for such motion picture.”*

However, any feature length motion picture project which has submitted an eligibility application and received their certificate of eligibility prior to July 1, 2013 will still be eligible to receive a tax credit.
